State Historic Preservation Officer

2. (cont.) predominant features of this building, its tower and roof, form one "book end" of an integrated row of nine houses with common elements: cornice, windows, limestone sills, quoining on the protruding front of the middle building and the tower on the opposite end of the row. (See attached photo #2.) Interior features include main stairway, floor to ceiling windows in first floor front and pressed metal ceiling in first floor middle room. Alterations made in 1961 when building converted to two apartments include enclosure of first and second floor rear porches. Metal fire escape on second and third story east side wall erected in 1975. Form stone applied to front facade at unknown date (removed in 1980.) Cornice replaced with molded metal cornice probably at same time that form stone installed.

3. (cont.) who purchased this tract of land in 1889 and first subdivided it into lots. Initial purchase price of this house was \$2600 with a \$63 ground rent.
